Georgia's Annual Waterway Cleanup

From the mountains
to the coast...
be part of the solution!

Working to create awareness of and
involvement in the preservation of
Georgia's water resources through
waterway cleanups

What is Rivers Alive?

- A year-round volunteer cleanup program that targets all waterways in the state of Georgia including streams, rivers, lakes, beaches and wetlands.
- Rivers Alive is sponsored by the Georgia Department of Natural Resources Environmental Protection Division's Environmental Outreach Program.
- For over a decade, Rivers Alive has served as a fun and rewarding way for communities statewide to get involved with the protection of Georgia's water resources.

Georgia's 70,150 miles of streams and rivers need your help! Our waterways provide us with fresh drinking water and great recreational opportunities like canoeing and fishing, and they serve as a pleasant respite from our busy daily lives. This is your opportunity to help protect one of our most precious resources. Help us clean our rivers, streams, lakes, beaches and wetlands by joining in support of Rivers Alive.

City of Savannah Water Resources Bureau Coastal Cleanup at Rivers End Boat Landing in Savannah, GA.

Rivers Alive Successes:
313,592 volunteers
7,945,236 pounds of trash
22,462 miles of waterway

EPA Region 4 Chattahoochee River Cleanup at Powers Island in Sandy Springs, GA.

How to get involved

Volunteer

Enjoy a day (or even a couple of hours) helping your community remove pollution from the waterways that serve as a home to wildlife, a source for our drinking water and a destination for recreation. Sign up with friends and family for a rewarding day at the water and know you are making a difference! Find local cleanups at www.RiversAlive.com.

Organize

Organizers coordinate cleanups at the local level. Without these dedicated volunteers, local cleanups would not be possible. Register a cleanup in your area at www.RiversAlive.com to receive organization assistance, materials, and handouts to help your event run smoothly.

Support

Supporting Rivers Alive through a donation or sponsorship is a great way to help cleanups across the state continue their efforts. All proceeds go directly to cleanup efforts. Contact us or click on the PayPal link at www.RiversAlive.com. Every little bit counts!
